The Address to the people of Ohio, which appeared in our last paper, was written by a member of the Ohio Legisla

Mr. Clay .- From the correspondence given on our first page, it would seem that Senate of the U. States, Although the letter from the Bolivar committee, which constitutes a part of the correspondence, is too highly spiced with the caustic ingredients of party spirit for the neutral character of this paper; yet, as the numer cus friends of Mr Clay, here and elswhere, look with intense solicitude to whatever relates to his public career, we think it proper to publish this correspondence.

The Land Bill passed! - The bill usu ally called Mr. Clay's Land Bill, for the distribution among the several States, of the revenue arising from the sales of Public Lands-has passed the Senate, by a vote of 25 to 20. What the fate of this bill will be in the House of Represen tatives, is considered doubtful.

It is to be desired, we think, that this measure may meet the approbation of both Houses of Congress, and receive the sanction of the President also. We know of the surplus revenue-most suraly, no other proposition has as yet been submit ted on this subject, which would do any thing like justice to the Western country; or in which the people of the West could feel interested, as a measure promising the most salutary and lasting advan-

Something was said, five or six weeks ago, in the Senate, in relation to the adjournment of the present Congress; but the subject seems to have been forgotten. The vexed question as to the best system of depleting the overflowing Treasury of the Nation, must necessartly occupy several weeks; and, perhaps, if Congress remain in session long enough, the simple operation of the per diem will render useless all further legislation for the removal of the surplus rev enue. This thing of \$8 per day gives red or surplus matter. zest to life in Washington!

The following paragraph from the Intelligencer furnishes some light on the subject:

"The House of Representatives did not sit on saturday; having adjourned over from Friday to Tues

day.

Availing themselves of this recess, a considerable number of the mem bers of the House took passage on the Canal, on Saturday morning, for Har per's Ferry, provided with a store of the good things of life to enable them to sustain the fatigues of the journey. The weather could not have been more favorable than it has proved for the excursion; we trust it will have been the occasion of enjoyment and improvement to all concerned."

. New Post Offices .- A new Post oface called "Hickory," has been es tablished in Perry Township, in this County; and Mr Jacob Gladden appointed Postmaster. We understand also, that a Post office is about to be established at Pekin, on the Sandy and Beaver Canal, in Brown Township, in this county; and that Mr James Beer will be the Postmaster.

The late election in Rhode Island resulted in the choice of Mr. Francis, for Governor, the candidate of the an timasons and Van Buren, by a majori ty of about 500 votes over Mr. Burgess, who was supported by the Whigs.

THE LAND BILL.

The National Intelligencer of yesterday morning says-Mr. CLAY ad dressed the Senate yes'erday in support of his great measure; the bill to distribute among the several states nett proceeds of the sales of Public Lands. We thought, after hearing the able and comprehensive arguments of Messis. Ewing, Southard, and WHITE, in favor of this beneficient measure, that the subject was exhaust ed that at any rate, but little new could subject in new lights, and gave it new in her aid; Baltimore, with the Chesa- sisted upon the change.

A large portion of the members of the other House, we were glad for their own sakes, were present during the whole speech, and the galleries were crow-Mr Clay intends soon to retire from the ded to excess by great numbers of ladies as well as gentleman.
